Re: Updated District Data Reports for Use with Post School Outcomes Collection

Attached is your district report(s) of 2005-2006 exited students generated from SPEDIS on January 24, 2007 using the November 1, 2006 report date. This district report is for you to use to proceed with the steps outlined in FY07Memo #11 for collecting student names and addresses for the collection of post school outcomes information.

You will notice that this report only includes the following exiting student categories necessary for our post school outcomes collection and reporting process: **graduated with regular high school diploma; received a certificate and not known to be receiving education services; reached maximum age; and dropped out.**

We recognize that there may be students listed appropriately as dropped out on your district report of exited students that have moved out of state, enrolled back in school, refused special education services but are still enrolled in school (identified Childfind) etc. who you will **not** be expected to send a survey. We have developed a form to collect this information from your district.

Enclosed is the form that the Bureau of Special Education would like you to complete and return to the NHDOE Bureau of Special Education three weeks after your school district has mailed out the post school outcomes surveys to students to capture this information.

If you have any questions about this memo, please contact Santina Thibedeau, at 271-6693 or [sthibedeau@ed.state.nh.us](mailto:sthibedeau@ed.state.nh.us).
